What is Accelerated Reading?

Accelerated Reading is an on-line reading programme that is used in our school to help encourage students to read more and improve your reading and literacy progress.

Reading is an important life skill as it will not only to help you gain good GCSE results but also, widen and improve your opportunities in life, after school.

The majority of students have now completed the Star Reading Test in lessons. Once completed, we will be able to identify the individual reading levels for each student.

Due to absence, some students may not have completed this but we are working on this and we will get to you very soon.

Returning your Books

When you have finished your book, all English classrooms and teachers have a box for you to return your books at your convenience.

Just drop them off and we'll do the rest!

Celebrating your success

Your quiz results will test how well you have read your book. Your result will also show the level of understanding of what you have read, The quiz then gives you a percentage of your pass mark.

The aim of these tests is to achieve an 85% or above pass rate.

At the end of each term there will be prizes for the students who have engaged most with their reading. Winners will be chosen from the student who have made the most progress in their own reading and as an added incentive there will be a prize for the tutor group who have read the most words.

Join the exclusive 'Millionaire' Club

The programme also counts the number of words you have read in your chosen book.

Some students read lots of smaller and thinner books and take more tests. However, the challenge of the Millionaire Club is to read more words. The more you read the higher the number of words you will collect.
